# STAINLESS STEEL CHECK & FOOT VALVES

EXTREMELY DURABLE AND CORROSION RESISTANT

(Solid 304 Stainless Steel Construction)

## Well Pro 1000 Series Stainless Steel Check Valves

Water wells need a check valve installed above the pump between lengths of drop pipe. The **NO-SPIN POPPET** is very important and the valve must also hold the weight and be corrosion resistant. A stainless steel check valve (with **no** lead) is the answer.

| Order No.   | UPC Bar Code (Qty. 1) | Pipe Size           | Ctn. Qty. | Approx. Wt./Lbs. |
|-------------|-----------------------|---------------------|-----------|------------------|
| WCVS50      | 6 42367 08721 0       | 1/2"                | 1         | 0.4              |

| *WCVMSE1025 | 6 42367 10373 6       | 1" FIP x 1-1/4" MIP | 1         | 0.8              |

- All parts stainless steel - spring, lock nut on poppet, and nut retaining cup locks spring to nut.
- Guide bearing of Delrin around poppet stem for straight operation and eliminates wear.
- No-Spin Poppet for demanding installation directly above submersible pump.

## Well Pro 1100 Series Stainless Steel Foot Valves

For all your jet pump and centrifugal applications, use the best - a stainless steel foot valve. Extremely durable and corrosion resistant. A stainless steel foot valve (with **no** lead) is the answer.

| Order No.  | UPC Bar Code (Qty. 1) | Pipe Size | Ctn. Qty. | Approx. Wt./Lbs. |
|------------|-----------------------|-----------|-----------|------------------|
| W FVS100   | 6 42367 08738 8       | 1"        | 1         | 0.6              |
| W FVS125   | 6 42367 08739 5       | 1-1/4"    | 1         | 0.8              |
| *W FVSE100 | 6 42367 08740 1       | 1"        | 1         | 0.6              |
| *W FVSE125 | 6 42367 08741 8       | 1-1/4"    | 1         | 0.8              |

- \* Includes VITON O-ring for your environmental needs  
VITON O-ring rated at 400° liquid  
MIP = Male Iron Pipe FIP = Female Iron Pipe  
**Why pay more for a no lead brass valve!**  
**BUY - Stainless Steel**
- More strength • More corrosion resistant
